

We believe that technology can change the world for the better.

App Developer

Start date: asap

About Us

VAY Sports is specialized in computer vision and AI technology solutions. With our products, we support people doing sports while we provide them with easy access to professional feedback and know-how in a controlled environment. Our first fitness app solution empowers people to become more healthy through powerful body-weight exercises. With our versatile software, we are expanding and move fast to other sports and health-related application possibilities.

Your Future Role

As an App Developer at VAY Sports, you will be immersed in an early-stage startup. This means we expect you have a big impact on one of our evolving products. This means great responsibility in a leading position within our firm. You will align closely with our other software architects and engineers, and you're expected to lead, challenge and help us grow our firm.

Your responsibility can include, depending on your strong suits, the following:

- App Development
- Implement the connectivity to new back-end endpoints
- UI/UX

Your Peers

We are young, entrepreneurial athletes and want to achieve great things. We move fast and take great care to hire smart people who have not only the potential to keep pace but challenge us and teach us new things. We want our whole team to grow personally as well as professionally and thoroughly enjoy the time at work.

Your Skills

At VAY Sports, we want our people to have some greatly developed skills:

- Analytical capacity with great attention to detail and capability of explaining concepts
- Coding (Javascript/React-native). If you grasped the concepts, you'll learn new ones quickly (and we're here to help you become efficient).
- Fluency in English or German. If it's English, all good. If it's German, you'll still have to reach a decent level of English – we're in software, after all.
- Fast learner with an ability to quickly adapt to new situations and an entrepreneurial DNA
- High level of openness, flexibility, curiosity, aspiration and, independence

Your Benefits

In our office, within 5 minutes walking distance from HB Zurich, you will constantly learn new things and have your own responsibilities for large parts of our projects! You will have a leading position with major responsibilities and an impact on the firm's strategy.

We would be thrilled to receive your application! Send us an email with your CV and approx. 200 words about "why I would be a good fit for VAY Sports" to apply@vay-sports.com.
